

STRATEGIC IMPLEMENTING PARTNERS FACT SHEET
Gender-Based Violence Workstream

Project Brief

Under the ACCESS **program-phase 2**, the Transcultural Psychosocial Organisation (TPO) will continue to build and strengthen the capacity of local service providers (LSPs) to provide psychosocial support for Gender-Based Violence (GBV) survivors in **five** target districts, as such: Stoeng Trang, Pouk, Krolanh, Lumphat, and O Yadav. Capacity-building activities such as training on the Minimum Standards for Basic Counselling, Psychological First Aid, and other mental health-related topics will be offered; refresher courses and coaching will be arranged to ensure knowledge and skills among local service providers. Collaboration with other implementing partners, local ethnic associations/organizations and those agencies serving persons with disabilities will strengthen responses to survivors' needs.

Project Outcomes

Project Outcome 1: The quality of psychosocial services from training, coaching and mentoring provided by local service providers to woman affected by GBV, with and without disabilities is strengthened.

Project Outcome 2: GBV survivors are effectively referred to relevant services in the target provinces.
